Back Cover Copy:

Brenna James wants three things for her sixteenth birthday: to find her history notes before the test, to have her mother return from her business trip, and to stop creating fire with her bare hands. Yeah, that’s so not happening. Unfortunately.

When Brenna learns her mother is missing in an alternate reality called Linneah, she travels through a portal to find her. Against her will. Who knew portals even existed? But Brenna’s arrival in Linneah begins the fulfillment of an ancient prophecy, including a royal murder and the theft of Linneah’s most powerful relic: the Sacred Veil. Hold up. Can everything just slow down for a sec?

Unwilling yet left with no other choice, Brenna and her new friend Baldwin (Um, hello, Hottie!) pursue the thief into the dangerous woods of Silvastamen and beyond. Exactly what Brenna wanted to do for her sixteenth birthday. Exactly. When they spy an army marching toward Linneah, Brenna is horrified. Can she find the veil, save her mother, and warn Linneah in time? And more importantly, why on earth doesn't this alternity have Belgian waffles?
